

Outer Winchester Flood Alleviation Scheme

Drainage improvement works are being undertaken on Springvale Road and Lovedon Lane to reduce the frequency of flooding in the area.

Heavy Goods Vehicles (HGV) Road Diversion and Road Closure Details

The works will involve closing parts of Springvale Road and Lovedon Lane. The road closure locations will move as the work progresses. Springvale Road will still be accessible to residents, deliveries, and emergency services. A diversion route for HGVs and through traffic is in place for the duration of the works. The **HGV Diversion Route and Closure Location** map shows all closure locations. See the table below for closure timings:

Road Closure Timetable

Location	Closure Reference	Estimated Start Date	Estimated End Dates
Lovedon Lane	A	6 April	15 April
Springvale Road north of Vale Way	B	19 April	23 April
Springvale Road between Kings Close and Vale Way	C1	26 April	7 May
North of the Pastures and south of Roberts Close	C2	10 May	14 May
Springvale Road south of Hook Pit Farm Lane	C3	14 May	18 May
Springvale Road north of Forbes Road	C4	19 May	21 May
Reinstate road	C1-C4	21 May	25 May
Springvale Road between Forbes Road and Tudor Way	D1	25 May	8 June
Springvale Road south of Hayden Close and north of Boyne Rise	D2	09 June	22 June
Reinstate pavement	D1-D2	23 June	28 June

All dates given in the table above are best estimates and maybe subject to change.

The **Current Diversion Route - Closure C1** map shows the diversion route that is currently in place. Diversion routes may change as the work progresses to different closure locations. Revised maps will be provided on a regular basis as closure locations move.
